

A44

JOB NAME:

FIXTURE TYPE:

A44 Luminaire (Shown with white cross blade)

FEATURES

- Available in nominal lengths up to 8'-0" sections, T5 or T8 operation, custom lengths available upon request. For continuous runs please consult factory with specific wiring instructions.
- Extruded aluminum housing with options of cross baffle or lens.
- Simple clean linear lines allow for this fixture to blend aesthetically into almost any space.
- Corner and angled intermediate couplings are available when fitting this fixture into a specific design scheme.
- Mounting can be accomplished using adjustable aircraft cables or rigid stems. Wall mount is also available.

SPECIFICATIONS

- **HOUSING**
Housing constructed of extruded aluminum.
- **ELECTRICAL**
Energy saving and electronic ballasts comply with Federal Energy Efficiency standards.
- **DIFFUSERS**
Pattern A12 acrylic lens is standard. Optional cross blade finish same as fixture housing, unless requested otherwise.
- **FINISH**
All parts finished with polyester powder coat with minimum 89% reflectivity. Standard color is white. Other colors are available upon request.
- **CERTIFICATION**
All units bear UL and Made in U.S.A. labels.
