

D7

JOB NAME

FIXTURE TYPE

HIGH EFFICIENCY T5/T8 Recessed Troffer (Shown in 2x2 with opal acrylic)

FEATURES

- Contemporary design provides soft, uniform illumination throughout the space.
- Twin diffusers available in perforated metal with opal inlay, high efficiency frosted acrylic, or contemporary opal acrylic.
- Extremely efficient fixture allows for the reduction in the amount of fixtures and energy savings.
- Shielding is easily removed for re-lamping.
- No tools required to access ballast compartment.

SPECIFICATIONS

HOUSING

Die formed heavy gauge steel housing unitized into one piece.

ELECTRICAL

Energy saving electronic ballasts comply with Federal Energy Efficiency standards. Optional electronic dimming and step dimming ballasts available.

SHIELDING

Perforated diffuser element with opal inlay is standard. Optional frosted and opal acrylic diffusers available.

FINISH

All metal parts pretreated with a phosphate bonding process. All viewable parts are powder coated in a matte white finish for superior quality and durability.

CERTIFICATION

All units bear UL and Made in U.S.A. labels.
