

WD

JOB NAME:

FIXTURE TYPE:

DECORATIVE WALL BRACKET

FEATURES

- Available in 2', 3', and 4' lengths, in 1 and 2 lamp configurations, T8 and T12.
- Versatile units that can be used as wall brackets, or, with optional lamp divider and switching, can also function as a hospital bed light.
- Unique "V" shaped front deflector shield conceals lamps and provides excellent direct/indirect lighting.
- Wood grain finish on shield provides a decorative touch. Optional white enamel finish is available. Custom colors can be special ordered.
- Die cast aluminum ends painted beige to blend with wood grain shield. Invisible knockouts on ends.
- For mounting individually or in continuous rows.
- Full complement of options to fill any wall requirement. Refer to **Options** section.

SPECIFICATIONS

- **HOUSING**
Die formed heavy gauge steel housing with die formed cast aluminum ends for rigidity and structural stability.
- **ELECTRICAL**
Energy saving and electronic class P, HPF ballasts comply with Federal Energy Efficiency standards.
- **FINISH**
All interior reflecting surfaces are finished with high gloss baked white enamel with minimum 89% reflectance applied over iron phosphate pretreatment for maximum adhesion and rust resistance.
- **CERTIFICATION**
All units bear UL and Made in U.S.A. labels.

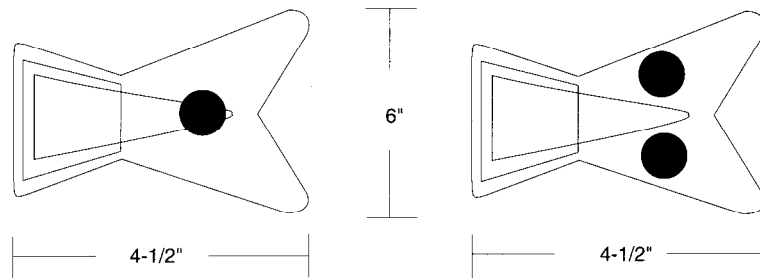

Decorative Wall Bracket

Ordering Matrix

MODEL	LAMPS	LENGTH	BALLAST	OPTIONS
