Dear Dave:

I wanted to take this opportunity to thank you and your organization for the significant cost savings we have enjoyed here at Renco relative to the purchasing of energy efficient lighting. Our affiliate, A.M. General Corporation in South Bend, Indiana, which manufactures the "HUMMER" vehicle, is also pleased with the work you have done on their new 600,000 square foot facility.

We found your team to be very professional and would not hesitate to recommend your company to any organization seeking to significantly reduce their energy costs.

Sincerely,

Marvin M. Koenig
Executive Vice President
