

# 12/50

JOB NAME:

FIXTURE TYPE:

## ONE LAMP WALL MOUNTED LUMINAIRES

### FEATURES

- Available in 18", 2', 3', and 4' lengths in 1 lamp configurations, T5 and T8
- Both the symmetric rounded 50 Series design and the crisp 12 Series style present a modern contemporary appearance that compliments any wall surface.
- Ideally suited for installation in any vanity, bathroom, or utility area where accent illumination is required.
- For wall mounting horizontally or vertically.
- Optional convenience outlet and switch to accommodate any requirements.
- Can be mounted in continuous rows with optional joiner band.

### SPECIFICATIONS

- **HOUSING**  
Die formed heavy gauge steel housing and end plates.
- **ELECTRICAL**  
Electronic instant start, HPF ballasts comply with Federal Energy Efficiency standards.
- **SHIELDING**  
White opal acrylic diffuser for the 12 Series is standard. Ribbed white opal acrylic lens for the 50 Series is standard.
- **FINISH**  
Housing and interior reflecting surfaces finished with premium graded baked white enamel with a minimum 89% reflectance applied over iron phosphate pretreatment for maximum adhesion and rust resistance. End caps triple process electrostatic chrome plated for durable finish. Optional finishes are all white housing and ends, all chrome, oak, walnut or bright brass.
- **CERTIFICATION**  
All units bear UL label and Made in U.S.A. labels.
