

ANG

JOB NAME:

FIXTURE TYPE:

ANGLE LUMINAIRE

FEATURES

- Unique corner mount design for direct downward and outward illumination.
- Same unit can also be used as cove lighting for indirect upward and outward illumination.
- Available in 2', 3', and 4' lengths, in 1, 2 and optional 3 lamp configurations, T5, T5HO and T8.
- Optional housing with continuous piano hinge doorframe and tamperproof fasteners for high security applications.
- For individual or row mounting.
- Available in custom finishes to match most décor's.
- Available with energy efficient reflectors in specular silver (95% reflectance) or specular aluminum (85% reflectance).

SPECIFICATIONS

- **HOUSING**
Die formed heavy gauge steel housing and ends unitized into one piece.
- **ELECTRICAL**
Electronic instant start HPF ballasts comply with Federal Energy Efficiency standards.
- **SHIELDING**
Acrylic prismatic lens is standard. Numerous optional shielding media available for normal, medium, and maximum security applications. Refer to **Options**.
- **FINISH**
All metal parts are painted after fabrication with premium white enamel with a minimum of 89% reflectance applied over ion phosphate pretreatment for maximum adhesion and rust resistance.
- **CERTIFICATION**
All units bear UL and Made in U.S.A. labels.
